Jabber Installation
Windows

1. Select the “Jabber” button to begin the installation.

2. Select, “Accept and Install”.

3. Wait for the installation to complete.
5. Enter your username in the format username@browardhealth.org. (This is typically the same as your Broward Health email address.)

6. Select the “Continue” button.

7. Enter your password in the password field.

8. You will then be logged into Jabber. If you receive a “New Location Detected” message, simply select the “Cancel” button.
